Manufacturer of process equipment for aggregate and recycling

Innovative Design, Technology and Service

Equipment for quarry and recycling of building material

APOLLO

Apollo Maschinenbau GmbH

Machines and plants for
Crushing - screening -conveyance

Apollo Maschinenbau GmbH

The modern factory has a size of 3000 m² and is well equipped.
We manufacture skid-mounted, crawler-mounted and wheeled crushing and recycling plants which can be equipped with impacters or jaws. The full product range also includes screens, feeders and belt feeders and conveyors as well as single jaw and impact crusher in various sizes. The crushers are origin of former Boehringer.

Our manufacturing facility offers the following

- Portable, semi-portable and stationary crushing and recycling plants
- Extensive range of impact crushers and jaw crushers
- Screens and feeders
- Sorting + Conveying plants
- Spare parts, including wear parts and full service support
- Refurbished, ex. Rental and used plants often in stock

Apollo attaches special importance to providing a fast supply of spare and wear parts (also for existing Boehringer + KDS plants), and offers competitive deliveries.
